

**2026
NFCR**

GLOBAL SUMMIT AND AWARD CEREMONIES

FOR **CANCER RESEARCH &
ENTREPRENEURSHIP**

National Press Club | October 9, 2026
Washington, DC

Where research and entrepreneurial leaders convene, new partnerships form, and focus is re-established in the fight against cancer.

Why the NFCR Global Summit?

The NFCR Global Summit is where cancer research meets entrepreneurship.

Hosted by the National Foundation for Cancer Research, in collaboration with the AIM-HI Accelerator Fund, the NFCR Global Summit connects enterprise leaders with senior scientific, clinical, and entrepreneurial innovators in an intimate setting--transforming participation into strategic relationships, market intelligence, and growth opportunities across the cancer innovation ecosystem.

Accelerating Cancer Breakthroughs.

The next frontier in cancer research places digital twins and predictive oncology at the center of personalized care. Discover how AI and clinical science are working together to advance adaptive therapies and solve cancer's most complex challenges.

Why Become a Sponsor?

Sponsors gain direct access to the leaders shaping the future of cancer research.

- Personal introductions facilitated by NFCR and AIM-HI leadership
- Dedicated networking opportunities
- Lead and participate in discussion forums
- Visibility and brand exposure (pre, during, and post)

What Leaders are Saying

Impact & Leadership Focused | Partner with us to accelerate breakthroughs.

“Attending is an immersive experience unlike any other I’ve seen. A day where some of the brightest minds working to cure cancer come together in the spirit of collaboration to learn, brainstorm, and form new partnerships – all in the interest of progress in finding a cure.”

Drew Pardoll, M.D., Ph.D.
Abeloff Professor of Oncology, Medicine, Pathology and Molecular Biology and Genetics,
Johns Hopkins University, School of Medicine

“I’m really impressed with what you have built and how your organization is a force for driving innovation and research.”

Mohit Manrao, MBA, SVP,
Head of US Oncology and President of the AstraZeneca Foundation

Join Us this Year!

Join the leaders who are shaping what’s now and what’s next in cancer research. Your sponsorship is not just visibility, – it is an investment in the discoveries that will define the future of prevention, detection, and treatment.
